

## Mainstreet Research Survey - United States

## About Mainstreet

Founded in 2010, Mainstreet Research is recognized as one of Canada's top public opinion and market research firms. Since our founding, we have been providing actionable and data-driven insights to our clients to help them make their most important evidence-based strategic decisions.

Mainstreet has an impressive track record in accurately forecasting election results in Canada and the United States and has become a trusted source for comprehensive market research, analysis and advice. Our insights are found in major media outlets across the country.

Our diverse team has decades of experience in conducting both quantitative and qualitative research, ranging from broad national surveys, to focus groups, to membership surveys, and all points in between.

Mainstreet Research is a proud corporate member of CRIC and exceeds all Canadian and international standards for market research and public opinion research.

## Methodology

The analysis in this report is based on results of a survey conducted from Friday, February 2nd to Saturday, February 3rd, 2024, among a sample of 1180 adults, 18 years of age or older, living in United States. The survey was conducted using text message survey of registered voters and an online panel of registered voters, so a margin of error cannot be assigned. The survey is intended to represent the voting population in United States.

This poll was commissioned by and is the exclusive property of Mainstreet Research and FAU. Any reproduction, in whole or in part of this report or the data contained herein is expressly prohibited without written authorization by Mainstreet Research and FAU.
