

Mainstreet Research Survey - Texas

About Mainstreet

Mainstreet has an impressive track record in accurately forecasting election results in Canada and the United States and has become a trusted source for comprehensive market research, analysis and advice. Our insights are found in major media outlets across the country.

Mainstreet Research is a proud corporate member of CRIC and exceeds all Canadian and international standards for market research and public opinion research.

Methodology

The analysis in this report is based on results of a survey conducted from Wednesday, October 2nd to Sunday, October 6th, 2024, among a sample of 811 Registered Voters, 18 years of age or older, living in Texas. The survey was conducted with IVR, and an online panel to complete the survey. The survey gave respondents the option to complete the survey in English and Spanish. The survey is intended to represent the voting population in Texas. Weights are applied for Gender, Race, Education and Past vote. Party ID is determined by asking which party each respondent most identifies with, as some states do not have voter registration by party. All voters are asked how likely they are to vote, and the voters who say they are most likely to vote are added to the Likely Voter screen.

Since the poll was partially completed online, a margin of error cannot be assigned to the poll, but a poll of this size would have a margin of error of +/- 3.4% at the 95% confidence level. Margins of error are higher in each subsample.

This poll was commissioned by and is the exclusive property of Mainstreet Research and FAU. Any reproduction, in whole or in part of this report or the data contained herein is expressly prohibited without written authorization by Mainstreet Research and FAU.

In the most recent Presidential election (November 2020) which party did you vote for in the Presidential election? (all voters)

broken out by age, gender, and region

	Total	Gender		Age	
		Male	Female	18-49	50+
Joe Biden	-	-	-	-	-
Donald Trump	-	-	-	-	-
